GPS Insight to Exhibit at NAFA I&E 2016 in Austin, Texas for the Tenth Consecutive Year

Scottsdale, AZ— GPS Insight, a growing leader in GPS fleet tracking technology, will be exhibiting at the NAFA Institute & Expo on April 20th and 21st in Austin, Texas for the tenth consecutive year. This is the world's largest event for [fleet management](#) personnel across all commercial and government sectors. NAFA I&E provides a convenient and valuable opportunity for both new and veteran fleet managers to get the tools they need to be successful and increase their networking power.

GPS Insight will be demonstrating their industry leading [GPS tracking solution designed for large fleets](#). GPS Insight helps simplify fleet management for businesses and government entities with complex structures that require custom data to effectively manage their mobile operations.

“The 2007 NAFA I&E in Houston was the first fleet conference we ever attended as an organization. We have attended and exhibited every year since, and the members have been extremely beneficial to our success. Without organizations such as NAFA and their members, we would not have been able to build such a world class GPS Fleet Tracking product over the past 11 years. We are excited to attend our 10th NAFA in Austin, allowing us to reconnect with customers, partners, prospects, and friends at the best conference of the year, as always.” said Rob Donat, Founder & CEO of GPS Insight, who has personally attended each year GPS Insight has participated.

Visitors to the GPS Insight **booth #619** will experience first class entertainment they won't soon forget.
